

PROFESSIONAL SUMMARY:

Interdisciplinary researcher at the intersection of law, technology, and public policy. Focused on governance issues in emerging technologies including AI systems, with the broader goal of contributing to policy standards that are both technically robust and socially responsive.

EDUCATION AND QUALIFICATIONS:

PhD (Computer Science) – Ruhr University, Bochum (11/2023-Present)

- Research focus: Understanding ownership frameworks of generative AI (GenAI) ecosystem, supervised by Asia J. Biega at the Responsible Computing group funded by Max Planck Institute for Security and Privacy.

MA (Public Policy and Governance) – Azim Premji University (07/2019 – 11/2021)

- Dissertation-*To Consent or Not to Consent: Analysing the Account Aggregator (AA) ecosystem using Puttaswamy principles*: evaluated the privacy provisions in India Stack's AAs framework using principles in Puttaswamy judgments which affirmed Indian citizens' the fundamental right to privacy.
- Project- *Internet and Sex Work*: analyzed the evolving trends in sex work due to the advent of the social media.
- Relevant modules – Technology and human rights: law, policy, and ethics; Anthropology of capital and mass media; State, market, and economy; Welfare state in India: research-driven analysis; Data, research design, and descriptive methods; Causal and inferential methods

LLB – Pune University (06/2013 - 04/2016)

- Enrolled in Bar Council of Maharashtra & Goa
- Project -Volunteered at National AIDS Research Institute to transcribe unstructured interviews that assessed the willingness of participants to share Aadhar cards (social security number equivalent) with healthcare service providers.
- Relevant modules – Law of contracts; Jurisprudence; Legal Writing; Drafting, pleading, and conveyancing

BSc (Computer Science) – Pune University (06/2009 – 04/2012)

- Project - Won first place in X-Pro 2012 (competition of IT projects) for designing a location-based service software application.
- Relevant modules – Introduction to programming; Programming in C, C++, and Java; Statistical methods

CAREER SUMMARY:

Max Planck Institute for Security & Privacy- Doctoral Researcher (11/2023-Present)

- Exploring the nuances of ownership frameworks in GenAI ecosystem, with a particular focus on copyright frameworks, with the goal of producing high-impact scholarship in CORE-ranked journals and conferences.
- Deploying interdisciplinary methods drawing from law, public policy, and computer science to inform emerging regulatory standards and computational evaluation frameworks.

Ernst & Young LLP – Senior Project Consultant (01/2023 – 06/2023)

- Served as a subject matter expert on gig work for Employment Working Group, G20 summit, 2023.
- Advised on India's national policy position, co-drafted key outcome documents, and supported high-level negotiations between international delegates.

Fairwork Project (OII & IITB-based study) – External Consultant (07/2021 – 01/2023)

- Conducted and qualitatively analyzed semi-structured stakeholder interviews in the platform economy, including 120+ workers, union leaders, and platform management.
- Designed a legal framework that helps in analyzing the data collected through stakeholders to evaluate the labor practices of 11 leading platforms for the Fairwork Y3 report and the upcoming Y4 report.
- Vetted and negotiating worker agreements, and policies with platforms (Swiggy, Zomato, UC, Flipkart).
- Co-authored comprehensive reports that showcase the research findings on the studied platforms in the gig economy.

DST-Centre for Policy Research, IISc – Consultant Policy Researcher (06/2021 - 06/2022)

- Collated and analyzed secondary data using mixed methods like conceptual modeling, text analysis using Twitter analytics, and observational data analysis using data visualization techniques in R.
- Co-authored comprehensive research articles and reports that explore trends of STI diplomacy, particularly through the employment of AI in foreign ministry operations.

Khurana and Khurana, Advocates and IP Attorneys – Legal Associate (12/2016 - 12/2018)

- Managed a portfolio of 150+ clients for the trademark prosecution department and industrial designs department.
- Spearheaded the operations for the corporate and commercial contracts department (Drafted and negotiated 100+ contracts, including privacy policies).
- Awarded *Remarkable Record of Performance, Q2 and Q3 2018* to recognize my ability to meet deadlines and my sense of ownership at work (Among 4 in 150+ practitioners).

Eclerx Services Limited - Analyst (05/2012 - 08/2013)

- Conducted data audits for clients' marketing teams (pre-launch and post-publication) through data quality evaluation methods.
- Awarded a spot reward for demonstrated *Excellence in Work, Q1 2013* (Among 3 in a team of 40 analysts).

PUBLICATIONS:

Academic publications and panellist:

- Co-Author: **Governance of Generative AI in Creative Work: Consent, Credit, Compensation, and Beyond.** CHI '25. April 2025.
- Lead Author: **Identification of Strategic International Partnerships for Emergent Global Artificial Intelligence Policies.** Cambridge Journal of Science and Policy. Sept 2023.
- Co-Author: **Fairwork India Ratings: Labour Standards in the Platform Economy.** Fairwork. 2022 & 2021.
- Accepted Panellist: **Platform Work as Disguised Employment.** Annual Conference on South Asia, Centre for South Asia, University of Wisconsin-Madison. Oct 2022.
- Co-Presenter: **One Platform, Many Worlds? The Precarity of Platform Workers in India.** ICA'22 Panel. May 2022.
- Author: **Dealing with John Doe Orders in India,** World IP Review. Jun 2017 (in print).

Policy Contributions:

- Parliamentary deposition: before the **Parliamentary Standing Committee for Communications and Information Technology** to present policy recommendations for algorithmic control and data privacy concerns in the gig economy, among other issues. Aug 2022.
- Co-Author: **Comments to the Draft Code on Social Security (Telangana) Rules, 2022.** Indian Federation of App-Based Workers. Feb 2022. Submitted to the Commissioner of Labour, Telangana, Hyderabad.
- Co-Author: **Comments to the Code on Social Security Bill, 2019.** Centre for Internet and Society. Oct 2019. Submitted to the Indian Ministry of Labour and Employment.

Book Chapter:

- Co-Author: **Governing Generative AI in the Workplace: A View from Computer Science and Law.** European Trade Union Institute's book, Volume II: Regulating AI Through Collective Bargaining: Key Issues (Expected publication in 2027)

Under Review and Working Papers:

- Lead Author: **Social Value Jurisprudence in Generative AI: What Should Be Protected** (Under review for CHI '27).
- Lead Author: **Copyright at the Crossroads: Anticipating Stratification and Doctrinal Crisis from Generative AI Output Protection** (Under review for CHI '27).

Service:

- **Reviewer for the Institutional Ethics Review Board:** MPI-SP, 2025-Present
- **Teaching Assistant:** Privacy, Data Governance, and Usability (MSc-level course), Ruhr University Bochum, Faculty of Computer Science, Winter 2025-26
- **Ethics reviewer:** ICML ethics review 2026

SKILLS, EXTRA-CURRICULAR ACTIVITIES, AND HOBBIES

- **Languages:** English, Marathi, Hindi, Kannada
- **Adventure and Fitness enthusiast:** Enjoys swimming, kickboxing, knitting, hiking and running;
